KEY AREAS OF SPECIAL INTEREST TO PEOPLE LIVING WITH HIV

GNP+ GLOBAL NETWORK OF PEOPLE LIVING WITH HIV

Positive Community: Networking for people living with HIV

GNP+, NAPWA and AIDES are hosting the networking zone for people living with HIV. The Positive Community zone brings communities together to share experiences and reach out to global leaders to improve the HIV response. GNP+ will share results from LIVING2012: The Positive Leadership summit. AIDES is hosting different French language sessions for the French speaking community at AIDS2012. NAPWA presents the HIV Hotline to Congress, offering the possibility for U.S. citizens to be linked up to their congress man or woman to speak out for better HIV healthcare in the U.S. and globally. For more details of the programme, check the latest information at Positive Community in the Global Village!

The Global Network of People living with HIV is pleased to share its Roadmap to AIDS2012. This roadmap focuses on key areas of special interest for people living with HIV who are attending the 19th International AIDS Conference AIDS2012 in Washington DC. The Roadmap aims to be a friendly guide for people living with HIV and others to navigate the conference and its thousands of presentations. The GNP+ Roadmap also includes a selection from all 3000 posters that are being presented during AIDS2012.

The sessions chosen have been subdivided according to three themes: Access to Treatment, Prevention, Care and Support; Human Rights; and Community Mobilization and Activism.

These key themes have also guided LIVING2012: The Positive Leadership Summit, which is a consultation process by and for people living with HIV to develop an evidence–informed advocacy strategy towards improving the HIV response. A special satellite session on Monday, July 23 will present highlights from this consultation process.

For more information about GNP+ please visit the GNP+ booth in the Global Village (No. 904) or join us at the PLHIV networking zone *Positive Community: Networking for People Living with HIV* (No. 825). You can also follow GNP+ through facebook (facebook.com/gnpplus) and twitter (@gnpplus).

Though considerable care and attention has been given in the production of this booklet, we apologise for any omissions or errors that you may find. There may well be additional sessions and posters which may be of interest, but which we missed or where timing or location changed after the booklet went to print.

We suggest that when in doubt you consult the online roadmaps (available at: paq.aids2012.org) or the Guide for Community Involvement in AIDS2012 at www.aids2012community.org. GNP+ presents breaking sessions through facebook (facebook.com/gnpplus) and twitter (@gnpplus).
